Jefferson County Veterans Home Committee  
Box H  
Boulder, MT 59732

Dear Committee,

On behalf of the Whitehall Veterans of Foreign Wars Post #4603 we fully support the Southwest Montana Veterans Home being located in Boulder. This location is close to the Fort Harrison Veterans Administration Hospital in Helena where many of the residents will be going for their medical support. Boulder is also a very good central location for supporting not only the counties involved in the southwest Montana veteran home proposal area, but also supporting the large veteran populations in Gallatin and Lewis and Clark County located next to Jefferson County.

As much as we would like to see the home located in Boulder, the reality is having a home located somewhere in southwest Montana will benefit all veterans.

Sincerely,

  
Gary Redfern  
Commander
